All this will be changed so soon as the new bill recoives the Lieutenant-Governor's assent,

changes in Municipal matters with much
satisfaction. They afford evidence of the

Twolesome change which is being wrought
the management of public affairs. under the benign influence of a responsitransmission of mails between Europe and

ble eys'em of government. Under the ald regime the primary object of legislation seemed to be to centralize all power aid in the hands of the Governor and those under his immediate control, and to circamecribe the power of the people to the narrowest possible limits; the new system recognizes the right of the people to share fully in the management of the aftheir own interests. Hitherto the office of a Municipal Councillor was looked apon with a feeling akin to contempt, by our leading citizens and largest ratepayers, probably for the reason that the law enabled the Council to do very little good and at the same time put it beyond their mattered little who for the time being and Amadeus." assumed the task of looking after the municipal affairs of the city. Hereafter it will be very different. Under the new Acts the Council will be a body that will make its influence felt in the com manity, and the ratepayers will soon be-gin to realize the fact that they have a substantial interest in seeing that fit and proper persons are returned to the Coun-cil to manage the affairs of the Corporation. Under the Act of 1867, the lax-able powers of the Council in respect of real estate were limited to one-third of one per cent. upon its assessed value, one per cent. upon its assessed value, including the improvements thereon, and which at a valuation very far below its actual worth, yielded a revenue of about five thousand dollars. The new Act, we understand, gives the Council lower to water assessed one-third per cent, upon its assessed value, and this, at even at the present low rate of valuation, will enable the Council to realize by
direct taxation upon real estate alone

On the whole we think the citizens have cause for grat-elation in view of the enlarged powers given them under the new Acts recently passed by the Legislature, and if those powers are only judiciously employed, as we doubt not they will be, we shall soon see evidences in the improved condition of the city that the step was one in the right direction.

Cheap Cures for Great Diseases.

HOLLOWAY'S OINTMENT

OLD SORES AND OLD SKIN DISEASES. The seeds of these disorders are effectually expelled by this penetrating Unguent not only from the superficial parts, but from the internal tissues likewise. Any case, even if of 20 years standing, speedily yields to its influence.

BRONCHITIS, DIPTHERIA, SORE THROAT, ASTHMA &C.

Rhenmatism, and erysipelas may be overcome by frequently fomenting the affected parts in warm water, drying, and immediately applying this soothing Ointment. The same procedure applies equally well for enring sore throat, diptherria bronchitis, asthma, tightness of the chest, and pain in the side, which instant trea ment alone prevents degenerating the nore serious maladies. The Olutment has the same derivative powers over chest complaints as a blister possesses, without causing pain or debility.

HEMORRHOIDS-PILES, AND VESCESSES Thousands suffer severely for years from these annoying complaints through false delicacy. Let such purchase a pot of Holloway's Ointment, read the direc tions which secompany it, set up on them to the letter, and they will, without difficulty, succeed in obliterating every vestige of these barrassing ailments.

CCIDENTAL INJURIES, INFANTILE AILMENTS In ents, bruises, sprains, burns, and scalds, it will be found cooling, sedative and healing. The part effected should be fomented in warm waier, dried genily and the Ointment should be instantly ren are liable.

BAD LEGS, BAD BREASTS, OLD SORES AND ULCERS. By rubbing the Ointment round the affected parts, it penetrates to the ti-sue-beneath, and exercises a wonderful power on all the blood flowing to, and returning from, the diseased part. The inflamma-tion diminishes, the pain becomes less intolerable, the matter thicker, and a cure is soon effected. In all long standing cases, Hollaway's Pills will thoroughly

expel all depraced homors from the body, GLANDULAR SWELLINGS, STIFF JOINTS. This class of complaint yields without fienly to the cooling and anti inflamm. tory properties of this famed Ointment. It should be well rubbed over the affected serts, after due fom ntation with warm water. It agts by stimulating the at sortents to increased activity, restraining ulceration, and promoting a free and copious e reulation in the parts affected and hence speedily and effectually ensur

ing & cure. GOUT, RHEUMATISM AND PARALYSIS. Gout and Rheumatism arise from infammation in the parts affected,-to ffect a permanent cure, adopt a cooling diet, drink plenty of water, take six of these famous Pills night and morning, kidneys, or other subsidiary organs. and rub the Ointment most effectually twice a day into the suffering parts, and sure is certain. The paralytic patient chould take about three Pills twice at week, and let the Cintment be well rubbed into the paralyz d limb' which will, in a very little time, be greatly benefited by this treatment.

ERUPTION ON TPE SKIN.

In this class of complaints, no matter the age, the sex, or the place, or under what name, the disease may be classified it may be cared if this Cintment be well rubbed into the system, and Holloway's Pills taken night and morning to purify the blood.

Both the Ointment and Pills should be used i the following cases :ad Legs Fistulas! **Bad Breasts** Glandular Swellings Burns Lumbago Bunions and Sand-Files. Coco-bay & Chiego-foot Scalds Sore Nipples Sore-throats Chapped Hands Skin-diseases Scurvy Cancers Sore-heads ff Tumors Joints

WONDERFUL CURE OF ASTHMA OF 18 YEARS STANDING

Copy of a Letter from Mr. Fordinand Mc Devett Innkeeper & Gircer, Glenties, Co. Donegal, dated 4th March, 1861. To Professor Holloway.

Sir,-I suffered from asthma for 18 years, accompanied with great difficulty of breathing, and severe cough with spiting of blood. I was also afflicted with Piles. At different times I was treated by most skilful physicians, and was at length pronounced by them to be beyond cure; -- as a last resource, I was induced to use your Pills and Olutment, and in the short space of a fortnight could walk about, and am now perfectly cared, to the astonishment of all who knew me.

BLOOD TO THE HEAD WITH GIDDINESS. Copy of a letter from Mrs. Mary Foster, Haif Moon Street, Tolness, dated March

To Professor Holloway.

Sir, -For many years I suffered periodically headache, and giddiness in the head, to such a degree that at times I have scarcly been able to walk; after obtaining the best medical advice without effect, I tried your Pills and in less than a week' I was completely cured. Mrs. Donnal, Chemist, of Totness, can vouch for the truth of the above statement.
